Please Note: LocalView Fusion was retired on the 1ˢᵗ July 2016 as Esri UK have a new UK Local Government Solution for ArcGIS.

LocalView Fusion Product Life Cycle Status

The Product Life Cycle Support Policy is designed to help communicate to LocalView Fusion customers, the technical support resources available during a product's life span and to provide advanced notification of planned changes to available support options. Read more about this in our Product Life Cycle Policy.

Browser Support
The following web browsers are supported for LocalView Fusion 4.3.x release:
- Internet Explorer 7, 8 and 9
- FireFox – latest version only
- Chrome – latest version only

Please note that when using the developer fragments, the browser support will be dependent upon the website into which they are inserted.

LocatorHub Support
If you are using LocatorHub to create locators for consumption within LocalView Fusion then you should refer to the Product Lifecycle for LocatorHub to ensure that you are using a supported release of LocatorHub. We recommend that you use the latest release of LocatorHub.

Supported Upgrade Paths
If you are upgrading from a previous version of LocalView Fusion you need to be aware of the supported upgrade paths. The following table provides information on the supported paths.

Build Version upgrading to:	Upgrading from 4.2.172.0 or 4.2.83.0 or 4.2.65.0	Upgrading from 4.1.115.0 or 4.1.110.0	Upgrading from 4.0.*	Upgrading from 3 SP5
4.3.X	Supported	Supported	Supported	Not supported (*)
4.2.172.0	Supported	Supported	Supported	Not supported (*)
4.2.83.0	Supported	Supported	Supported	Not supported (*)
4.2.65.0	n/a	Supported	Supported	Supported
4.1.115.0	n/a	n/a	Supported	Supported

4.1.110.0	n/a	n/a	Supported	Supported

(*) if you are currently using LocalView Fusion 3 SP5 – then to upgrade to the latest version you will first need to upgrade to 4.2.65.0 and then upgrade to the latest version.

If you are trying to upgrade from a version earlier that 3 SP5 then please contact our support desk to ask for advice on the best migration path.

Additional Notes

- All patches and hot fixes available for a particular version have the same support status as the version they address
- Since the release of LocalView Fusion 4.0 we have released the templates separately from the Radar Platform (allowing hot fixes to be made to templates independently of full Radar platform releases). This has also allowed for templates to have a life cycle of their own, within the life cycle of the Radar platform. For LocalView Fusion 4.1 onwards the product lifecycle for the individual templates is shown in the separate tables below.
- The notes column for Radar platform provides details of the versions of ArcGIS for Server required by each version.
- The notes columns for templates provide details of the version of the Radar platform the template is supported with, and details of the required versions of ArcGIS for server (which in some circumstances can differ from the platform).

NOTE: General Availability Phase starts when the Product is released and ends on the last day of the month shown in the table. Extended and Mature Life Cycle phases start on the first day of the month and ends on the last day of the month. A product is Retired on the date shown.
